

Description

The revolutionary 200H StepMill redefines commercial stair-climbing. Engineered for peak performance, it offers an unparalleled user experience with features like 40 speed levels, a large, smooth-stepping surface, and ergonomic handrails. Built to last, this durable machine boasts a sweat-proof design and quiet, reliable operation thanks to a sealed drive chain and poly V-belt combination. Ideal for diverse fitness environments, the 200H StepMill empowers users of all levels to achieve their fitness goals with confidence and ease. Its compact footprint and convenient Step Aside feature maximise floor space utilization. The intuitive console makes workouts more engaging. Optional extras, including an upgrade to the TRAKK® Digital Fitness Ecosystem, enhance user experience and provide valuable data insights.
